CONFERENCE SCOPE

The National Education Policy, 2020, uses two interesting phrases: “No hard separations” and “elimination of silos”. These terms are, of course, used in the context of areas of learning. However, they have implications in almost all areas of education. As the country begins to work on implementing the policy, it is imperative to understand these phrases and their implications.

Thus, the prime objective of organizing this seminar is to provide a common platform to discuss its ideas, objectives, and deliberate over the concern of National Education Policy 2020.
