Earth Day is an important reminder that this is the only planet we have, and we must work together to preserve it. Climate change is the single greatest challenge facing family farmers, rural communities, and global food security, though warmer average temperatures, greater weather extremes, and rising sea levels affect every sector in one capacity or another. This day provides an opportunity to raise public awareness around the world to the challenges regarding the well-being of the planet and all the life it supports. The consequences of climate change on agriculture are direct and immediate. Therefore, we must work to combat the effect of climate change in order to provide a healthier environment for our future generations.

On the occasion of Earth Day, School of Agricultural Sciences and Engineering, IFTM University, Moradabad organized a webinar to create awareness about a very sensitive issue i.e. climate

change. The eminent speaker Prof. Ajeet Singh Nain, Director research, Govind Ballabh Pant University of Agricultural and Technology, Pantnagar, Uttarakhand delivered an outstanding lecture on climate change and its impact on agriculture. 'Farmers are facing serious pest pressures, heat stress on livestock, and greater crop loss to drought, wildfire, and flooding — all of which mean lower yields and lower incomes. As the climate continues to change, one can expect these difficulties will only intensify, Prof. Nain Said.'

He also said that the theme of Earth Day 2021 is "Restore Our Earth". The climate change and covid-19 pandemic have reminded us of the harm we've caused to our nature. Therefore, we must work hard to Restore Our Earth not just because we care about the natural world, but because we live on it and it is our responsibility to do so. Programme Coordinators were Assistant Professors Mrs. Richa Khanna and Mr. Abhay Saini.

Outcome: The participants came to know about the serious effects of climate change on agriculture and also the ways to combat this problem so that we can have a better environment to live in.

विश्व पृथ्वी दिवस पर हुआ राष्ट्रीय वेबिनार

आईएफटीएम विवि में क्विज प्रतियोगिता भी हुई

अमर उजाला ब्यूरो

मुरादाबाद। आईएफटीएम विश्वविद्यालय के स्कूल ऑफ एप्लाइड टेक्नोलॉजी और इंजीनियरिंग की ओर से बुधवार को विश्व पृथ्वी दिवस पर राष्ट्रीय वेबिनार एवं एक क्विज प्रतियोगिता हुई।

वेबिनार में पंतनगर विश्वविद्यालय के निदेशक, अनुसंधान व कृषि मीसम विज्ञान के प्रोफेसर डॉ. अजीत सिंह ने मुख्य वक्ता रहे। उन्होंने वर्तमान में जलवायु परिवर्तन एवं मानव सभ्यता पर होने वाले इसके दुष्परिणामों से अवगत कराया। विश्वविद्यालय के कुलसचिव डॉ. संजीव अग्रवाल ने डॉ. नेन को

आश्वासन दिया कि विश्वविद्यालय अपने नैतिक मूल्यों का निर्वहन करते हुए लगातार पर्यावरण संरक्षण की दिशा में कार्य करता रहेगा। कहा कि यदि हम आने वाली पीढ़ियों का भविष्य सुरक्षित रखना चाहते हैं तो हमें पर्यावरण संरक्षण के उपायों को अपनाना होगा क्योंकि यह हमारी नैतिक जिम्मेदारी भी है। विभागाध्यक्ष डॉ. कृष्ण शाल ने धन्यवाद ज्ञापित किया।

क्विज प्रतियोगिता में विभिन्न प्रान्तों के 20 विश्वविद्यालयों के 205 विद्यार्थियों तथा वेबिनार में 211 प्रतिभागियों ने संजीकरण कराया। संचालन आईक्यूएसी के निदेशक प्रोफेसर राकेश कुमार यादव व आयोजन सचिव रिचा खन्ना ने किया।
