Based on the Curriculum Survey conducted for the year 2021-22, sliding trend was observed (in regards to the preceding year's observations) in some of the vital parameters. To address the issues, following actions were taken by the department.

S.NO.	OBSERVATIONS	CORRECTIVE MEASURES
STUDENTS		
1	Curriculum was not found as easy to understand by most of the students.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS.
2	Some of the students did not find the balance between theory and practical sessions as appropriate.	The time allocation for practical sessions across programs was evaluated in a departmental meeting chaired by the HoD. The required adjustments were done for implementation in the new session 2022-23.
3	Some students were found apprehensive about the applicability of subjects in daily life.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS.
4	Few students did not see the courses as helpful in developing their personality.	While PSD classes are run for the students in the department, the focus has remained on improving their domain specific functional understanding.
TEACHERS		
5	Some of the teachers felt that objectives of the syllabi need to be defined in a better manner for its clear understanding to teachers and students.	The HoD convened a departmental meeting and the course objectives are discussed for uniform understanding to all the faculty members. The class coordinators explained the COs further to the students at the commencement of the

ALUMNI		
6	Not many agreed that the University has been successful in educating students for graduate and postgraduate programs and to help them succeed in their chosen/ related fields.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS.
7	The University needs to help students become professionally superior and ethically strong global manpower and to uphold moral values, with effective communication skills, teamwork skills, multidisciplinary approach, and an ability to improve the quality of life.	While PSD classes are run for the students in the department, the focus has remained on improving their domain specific functional understanding. The opportunities to collaborate cross functionally depend on various factors including the place of employment and the role.
8	The University shall work in creating an intellectual environment for research and development aware of emerging technologies leading to continual learning needed for a successful professional career, to create a center of excellence develop technocrats and business leaders.	The University has provisions for providing financial aid to the students involved in research. No further action was deemed necessary by the department. The class coordinator do brief about it to the students at the start of the new semester.
