IFTM UNIVERSITY  
MORADABAD.

Based on the Curriculum Survey conducted for the year 2020-21, sliding trend was observed (in regards to the preceding year's observations) in some of the vital parameters. To address the issues, the IQAC working committee convened the meetings of stakeholders including the office bearers and apprised them of these observations for corrective measures.

S.NO.	OBSERVATIONS	CORRECTIVE MEASURES
<b>STUDENTS</b>		
1	Curriculum was not found as easy to understand by some of the students.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS. Faculty was advised to explain the topics at beginner's level for easy understanding of all the students including those who are relatively weak.
2	The instructions pertaining to the curriculum was found easy by most of the students.	The observation required no further action.
3	Most of the students found a good balance between theory and practical sessions.	The observation required no further action.
4	A considerable number of students shared their discontent with the practicality and relevance of some subjects in getting the (desired) job.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS
5	Some students were found apprehensive about the applicability of subjects in daily life.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS
6	Most of the students saw the courses as helpful in developing their personality.	The observation required no further action.
7	Students required support of reading and	Faculty shared free online resources and

	reference material for their subjects.	free e-books wherever available; with the students. Students were guided on how to access and use various online resources subscribed by the University library and available to the students.
8	Few students did not concur that reference material is provided along with the course content.	

### TEACHERS

1	Most of the teachers saw the syllabus as suitable and appropriate.	The observation required no further action.
2	Most of the teachers saw the syllabus as need based.	The observation required no further action.
3	Most of the teachers felt that objectives of the syllabi are well defined and clear to teachers and students.	The observation required no further action.
4	Most of the teachers concurred that syllabus has good balance of theory and application.	The observation required no further action.
5	Teachers feel that syllabus has made them interested in the subject area.	The observation required no further action.
6	Syllabus is rich enough to increase the knowledge of the teacher in their respective subjects.	The observation required no further action.

### ALUMNI

1	Not all the former students feel that their curriculum was sufficient.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS
2	Few former students feel that their curriculum did not equip them sufficiently for their present professional role.	Special training sessions were conducted for the final year students (2020-21 batches). In addition to it, Professional Skill Development classes went on as per the schedule.
3	Few alumni felt that the course they studied	It was learnt that some of the students

	is not much significant in relation to their current job	took up a career different from the degree they pursued. Few students joined agriculture too or some family businesses.
4	Few students shared that in their opinion the learning from the course was not much applicable in real life.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS
5	Professional Courses are required to be aligned with the industry	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS
6	Industry specific projects (opportunities) were found not in sufficient number.	Director – T&P through his team explored more hands-on / live projects / field projects to help students acquaint with the real work life challenges. New organisations came on board to provide industry projects and full time job opportunities. Prospective employers covering various functions and industries were explored and reviewed for their suitability. Matrix having number of opportunities offered, types of roles offered, location and CTC offered, employers with high attrition rate (for our students), students' response to the opportunities viz. whether they applied, appeared and what was their performance (rejection, rejection level OR selection, joining and exit), was analyzed and appropriate measures including sessions with final year students, were

		taken.
7	Few alumni shared their discontent from the seminars and workshops organized by the University	The HoD reviewed the faculty / resource persons (internal and external who delivered lectures in 2020-21) and their content for its acceptance, effectiveness and suitability. Many external domain / subject experts were invited by the University.
8	Most of the alumni shared their satisfaction from the guest lectures organized by the University	The observation required no further action.
9	A considerable number of Alumni revealed their discontent with the Special Training Classes organized by the university for bridging Industry-Academia gap.	The HoD reviewed the faculty / resource persons (internal and external who delivered lectures in 2020-21) and their content for its acceptance, effectiveness and suitability. Many external domain / subject experts were invited by the University.
10	Not all the alumni agreed that the University has been successful in educating students for graduate and postgraduate programs and to help them succeed in their chosen/ related fields.	The curriculum gets updated at regular interval to weed out any redundancy and make it practical, relevant in daily life and useful for professional growth. The revision in curriculum was done in BoS
11	The University has been successful in providing students with sound knowledge in their chosen area	The observation required no further action.
12	Only few students agreed that the University has been successful in training students with knowledge relating to an array of professional fields undertaken so as to comprehend, analyze, design, and create innovative products and find solutions to improve the quality of life	The curriculum gets updated regularly at BoS and PSD trainers conduct special classes to help students acquire relevant skills, necessary in a work life.

13	The University has been successful in creating a professionally superior and ethically strong global manpower and to uphold moral values, with effective communication skills, teamwork skills, multidisciplinary approach, and an ability to improve the quality of life.	The observation required no further action.
14	Not everyone agreed that the University has been successful in creating an intellectual environment for research and development aware of emerging technologies leading to continual learning needed for a successful professional career, to create a center of excellence develop technocrats and business leaders.	Activities like symposiums, seminars, conferences were organized to make students aware about contemporary developments in the area of study. It also helps motivating students to take up research.
<b>EMPLOYERS</b>		
1	Employers' Survey 2020-21 revealed that students (placed) were found having technical skills below par.	Special training sessions are underway for the final year students (2021-22 batches)
2	A considerable number of employers reported that some students could not use the equipment and work on the technology in use (at work place).	They were provided special training sessions on procedures and equipment used in pharmaceutical industry.
3	Students were able to develop solutions to workplace problems	The observation required no further action.
4	Employers' Survey 2020-21 also revealed that students were seen as Creative & Innovative.	The observation required no further action.
